REPAIR PARTS

FFP - The contractor shall furnish parts necessary to repair valves and to certify valves to correct lifting pressure. After removing and inspecting valves, the contractor will submit a quote for approval by Contracting Officer (CO) for parts necessary to repair, overhaul, set, test and reinstall valves.

Replacement parts shall be furnished at current manufacturer/distributor price list or catalog price, less any applicable discounts provided, that, in no event, shall the price be in excess of the contractor's price to their most favored customer. Contractor is responsible to document price reasonableness and provide to the CO.
